- 1.2 These Terms and Conditions apply to all Deliverables purchased by the Hospital with this Contract, including any purchase by the Hospital through a purchasing group.

**2. Acceptance and Changes**

- 2.1 This Contract is an offer to purchase the Deliverable(s) set forth on the purchase order that is attached to, or references, these Terms and Conditions. Any of the following acts by Supplier shall constitute acceptance of the Contract: signing and returning a copy of this Contract; delivery of any of the Deliverable(s) ordered in this Contract; commencement of performance; or written acknowledgment of the terms of this Contract. Any terms proposed by Supplier that are additional or inconsistent with the terms of this Contract will not be binding on the Hospital unless the Hospital accepts such terms in writing.
- 2.2 The Hospital reserves the right at any time prior to delivery to change specifications, methods of shipment or packing, or place or time of delivery, and will do so by means of a revised purchase order. If any such change causes an increase or decrease in the cost or the time required for performance of Supplier's obligations under this Contract, an equitable adjustment shall be made in the contract price or delivery schedule, or both, or the Hospital may at its option cancel this Contract if an equitable adjustment cannot be agreed upon.

**3. Financial Matters**

The Hospital reserves an absolute right to reject, and not pay for, the Deliverables which it deems unsuitable for its purposes or which fail to perform in accordance with their specifications in terms of Section 6.5, without requiring the Supplier to rectify defects therein. In the event of such rejection and/or the Hospital's refusal to accept the Deliverables, the Hospital shall convey such rejection and/or refusal to the Supplier, who shall immediately, and within no later than five business days of the receipt thereof, fully refund, without any deduction whatsoever, the full amount it has received from the Hospital in advance payment, or towards a deposit for the delivery, of the Deliverables. The Supplier shall also reimburse the Hospital for all the costs incurred by the Hospital in repackaging and shipping the Deliverables back to the Supplier, should the Hospital, at its discretion, decide to do so. 2. For greater specificity pursuant to the Supplier’s obligations under Section 1 of this Information Practices Schedule, in the event that the Supplier is a health information network provider under PHIPA, the Supplier will provide the Hospital with a privacy impact assessment and a threat risk assessment with respect to the Deliverables to be provided to the Hospital pursuant to the Contract.
3. The Supplier will only use as much Personal Health Information as is reasonably necessary to perform its obligations under the Contract and will make Personal Health Information available only to those employees who require access in order to satisfy those obligations.
4. The Supplier will only use and disclose any Personal Health Information it receives from the Hospital as is permitted or required under the Contract or the laws of Canada and/or the province of Ontario.

**Practices to Protect Personal Health Information**

8. The Supplier will employ appropriate safeguards to prevent theft, loss, and unauthorized access, copying, modification, use, disclosure, or disposal of Personal Health Information. Without limiting the generality of the foregoing, the Supplier will take reasonable steps to ensure that all Personal Health Information from the Hospital is securely segregated from any information owned by the Supplier or third parties, including access barriers, physical segregation, and password authorization.
9. The Supplier will maintain privacy policies in accordance with Canadian and Ontario laws and these policies will be made available for inspection on request.
10. The Supplier will educate its employees, contractors and agents on privacy laws and policies and take reasonable steps to ensure the compliance of such persons through staff training, confidentiality agreements, and employee sanctions.
11. The Supplier will ensure that all employees who have access to Personal Health Information from the Hospital have undergone screening that includes reference checks.
12. The Supplier will ensure that its employees, contractors and agents who are fired, resign, or no longer require access to Personal Health Information from the Hospital return all Personal Health Information to the Hospital and can, thereafter, no longer access applications, hardware, software, networks, and facilities belonging to either the Supplier or the Hospital.
13. The Supplier will revoke any user’s access to Personal Health Information if security is breached or on the Hospital’s reasonable request.
14. At the termination of the Contract, the Supplier will return or destroy all Personal Health Information received from, created, or received by the Supplier on behalf of the Hospital that the Supplier maintains custody of in any form and will retain no copies of Personal Health Information thereafter. The Supplier will certify to the Hospital that all such Personal Health Information has been returned or destroyed, as the case may be. If such return or destruction of Personal Health Information is not feasible, the Supplier will notify the Hospital of this fact, extend the protections of the Contract to all Personal Health Information in its custody and will cease all further uses and disclosures.

**Notification of and Communication with the Hospital**

When providing notice, please specify where outside of Ontario the Personal Health Information will be transmitted or from where it will be accessed.
17. The Supplier will report to the Hospital’s Privacy Office at the Supplier’s first reasonable opportunity, but in any event no more than 48 hours after the Supplier becomes aware of any use, disclosure (including being legally compelled), theft, or unauthorized access of Personal Health Information by the Supplier or any of the Supplier’s agents or subcontractors to whom the Supplier provide the Hospital Personal Health Information.
18. The Supplier will refer anyone trying to access, correct, or complain about their Personal Health Information to the Hospital’s Privacy Office within 48 hours of receiving the complaint or request for access or correction. The Supplier will cooperate with and assist the Hospital in the management of any such request for access or correction or complaint.

23. The Hospital reserves the right to go to court to obtain an order stopping or preventing the Supplier from violating the privacy terms in this Information Practices Schedule. The Supplier acknowledges that any breach of these practices will result in the Hospital suffering irreparable harm.
